About the Institute:

Fabtech Technical Campus, College of engineering and Technology Sangola Tal-Sangola Dist- Solapur is a highly Commendable private institute occupies a place of pride amongst the premier technical institutes in maharashtra. The institute has been established in 2011 and is financed and run by Fabtech Education Society, Pune With the affiliated to Dr. Babasahed Ambedkar Technical University (BATU) Maharashtra.

The institute runs by 5 UG & 2 PG programs. The institute has marched towards pinnacle of glory through its remarkable achievements and laurels in the field of engineering education.

About The Programme:

A teaching method comprises the principles and methods used for instruction to be implemented by teachers to achieve the desired learning by students. These strategies are determined partly on subject matter to be taught and partly by the nature of the learner.

For a particular teaching method to be appropriate and efficient it has to be in relation with the characteristic of the learner and the type of learning it is supposed to bring about. Suggestions are there to design and selection of teaching methods must take into account not only the nature of the subject matter but also how students learn. In today's school the trend is that it encourages a lot of creativity. It is a known fact that human advancement comes through reasoning. This reasoning and original thought enhances creativity.

About ISTE:

The Indian Society for Technical Education (ISTE) is the leading National Professional non-profit making Society for the Technical Education System in our country with the motto of Career Development of Teachers and Personality Development of Students and overall development of our Technical Education System.

The major objective of the ISTE is to provide quality training programmes to teachers and administrators of technical institutions to update their knowledge and skills in their fields of activity and to assist and contribute in the production and development of top quality professional engineers and technicians needed by the industry and other organizations.

Course Title :

“Advanced Teaching Methodology and Soft Skill”

Course Contents:

- Personal Effectiveness
- Mastering Instructional Design
- Mastering teaching and learning processes
- Achieving Academic Excellence
- Leveraging Technology
- Organizational Citizenship
- Communication Skills
- Interpersonal Relationships and Teamwork
